October 30, 2006 – Lake Forest, CA: TRIMEDYNE, INC. (OTCBB "TMED.OB") today announced that Marvin P. Loeb, Sc.D., Chairman of Trimedyne, was interviewed by Walter Banks of CEO/CFO Interviews. The interview was posted on their website, [www.ceocfointerviews.com](http://www.ceocfointerviews.com) on October 26 and will be available without charge for two months. To see the interview, click on "Interviews".

Dr. Loeb discussed the Company's recently announced, worldwide marketing alliance with Boston Scientific and Lumenis, who will distribute Trimedyne's new Side Firing Laser Fiber for use with Lumenis' Holmium Lasers in the treatment of enlarged prostates in men. Dr. Loeb also described the market for the Company's outpatient laser treatment of herniated or ruptured discs in the spine, the Company's other products, a new product the Company is developing and the Company's financial condition.

Trimedyne manufactures lasers and proprietary fiber optic devices for a variety of minimally invasive surgical procedures, many of which are performed on an outpatient basis at substantially less cost than conventional surgery. For product, press releases, financial and other information, visit Trimedyne's website, <http://www.trimedyne.com>.

### **"Safe Harbor" Statement Under the Private Securities Litigation Reform Act:**

Statements in this news release and the above mentioned interview may contain forward-looking statements within the meaning of Section 27A of the U.S. Securities Act of 1993 and Section 21E of the Securities and Exchange Act of 1934. Such statements may involve various risks and uncertainties, some of which may be discussed in the Company's most recent report on Form 10-K-SB and subsequently filed SEC reports. There is no assurance such statements will prove to be accurate, and actual results and future events could differ materially from those anticipated in such statements.
